Please register in advance at TEDxKielUniversitySalon@gmail.com

TED stands for Technology, Entertainment and Design. This American non-profit Organisation holds annual innovation conferences with the theme “Ideas Worth Spreading”.

TEDxKielUniversity is a local, independently organized, TED-like event in Kiel. The first conference took place in December 2015. Find last years' talks on www.tedxkieluniversity.com.

TEDxKielUniversitySalon events are single topic focused events in between the main TEDx conferences. They open spaces for discussion.
